

*Invites you to participate in our...*

## **Baby Bottle Boomerang**

We are an organization of pro-life volunteers committed to giving love and support to young women facing crisis pregnancies.

Here is how you can help. . .

1. Pick up a Baby Bottle to take home with you. Fill the bottle with checks, currency, and/or silver coins. This can be a family project with each member giving as they are able.
2. On Father's Day, return the filled bottle to church.

You will become part of providing:

- free pregnancy test, ultrasounds, education and loving care to those facing unplanned pregnancies
- assistance to young families needing help with basic baby necessities
- education and encouragement for classrooms of teens in 40 schools promoting purity in a culture that promotes promiscuity
- assistance and love for post-abortive mothers or fathers who need help laying down the heavy burdens of abortion.

***This Mother's Day, help save babies from abortion, and  
save mothers and families from a lifetime of regret.***

All proceeds will benefit
